**SPEN** – The Clerk confirmed that there had been no response to the council's letter of 31 January 2014 and that there was no present update. Cllr Pugh had asked for the following press release to be read out in the meeting in his absence.

A spokesperson for SP Manweb said: "SP Manweb has received a formal request from Trefeglwys Community Council stating that consultation feedback submitted by the Council, and received by SP Manweb in good faith, was not in fact representative of the Community Council's views. Following a recent open meeting with Trefeglwys Community Council, SP Manweb has accepted the reasons why the consultation feedback received should not be considered as representative of the Council's views and is now considering this request as part all of the other feedback gathered in Stage Three of the consultation process. The outcome of this assessment and design review will be reported in the spring 2014 as part of Stage Four of the consultation process, which will communicate the preferred routes that SP Manweb propose to take forward. SP Manweb will be communicating directly with Trefeglwys Community Council regarding its proposed approach."
